2. The bout will consist of three (3) 1½ minute rounds. Twelve (12) ounce boxing gloves will be worn by fighters.

WELCOME TO USAFA 1972 WING OPEN CHAMPIONSHIPS

HISTORY OF WING OPEN BOXING CHAMPIONSHIPS

Boxing has been one of the highlights of the Cadet Intramural Program since the inception of the USAF Academy. The boxing program began with emphasis on squadron competition. Individual competition was added to our intramural program and this competition continues today. This year Squadron 19 won our intramural boxing championship.

The Wing Open Boxing Championships were established so that any cadet in the Wing could compete in his weight class, and battle his way to the championship. Since its inception, the Wing Open has been one of the most anxiously anticipated events in the Falcon sports year. With the move from the Cadet Gymnasium to the new Field House in 1969, interest as well as attendance has soared. Crowds of approximately 6,000 spectators have witnessed the championships.

In the history of the Wing Open Boxing Championships, there have been only two cadets to win their weight class for 4 consecutive years. The first to perform the feat was Cadet Gary Vasek who won the 167 pound class in 1965, 1966, 1967 and 1968. The other winner for four years was Cadet R. "Buzz" Dyre who won the 177 pound class in 1966, 1967, 1968, and 1969. These former cadets are now on active duty with Vasek currently being stationed at 5th AF, Fuchu, Japan, and Dyre being assigned to United Technology Center, Sunnyvale, California. Cadets Stallworth and Prill are making their bids to become three time champs this year. Since they are both second classmen, they conceivably could go on to become the next four time winners.

RETURNING CHAMPIONS

Mark Prill

Charlie Stallworth

Rowe Stayton

Joe Karner

Rich Comer
